

AMAZING INTERNATIONAL AIRLINES INC.

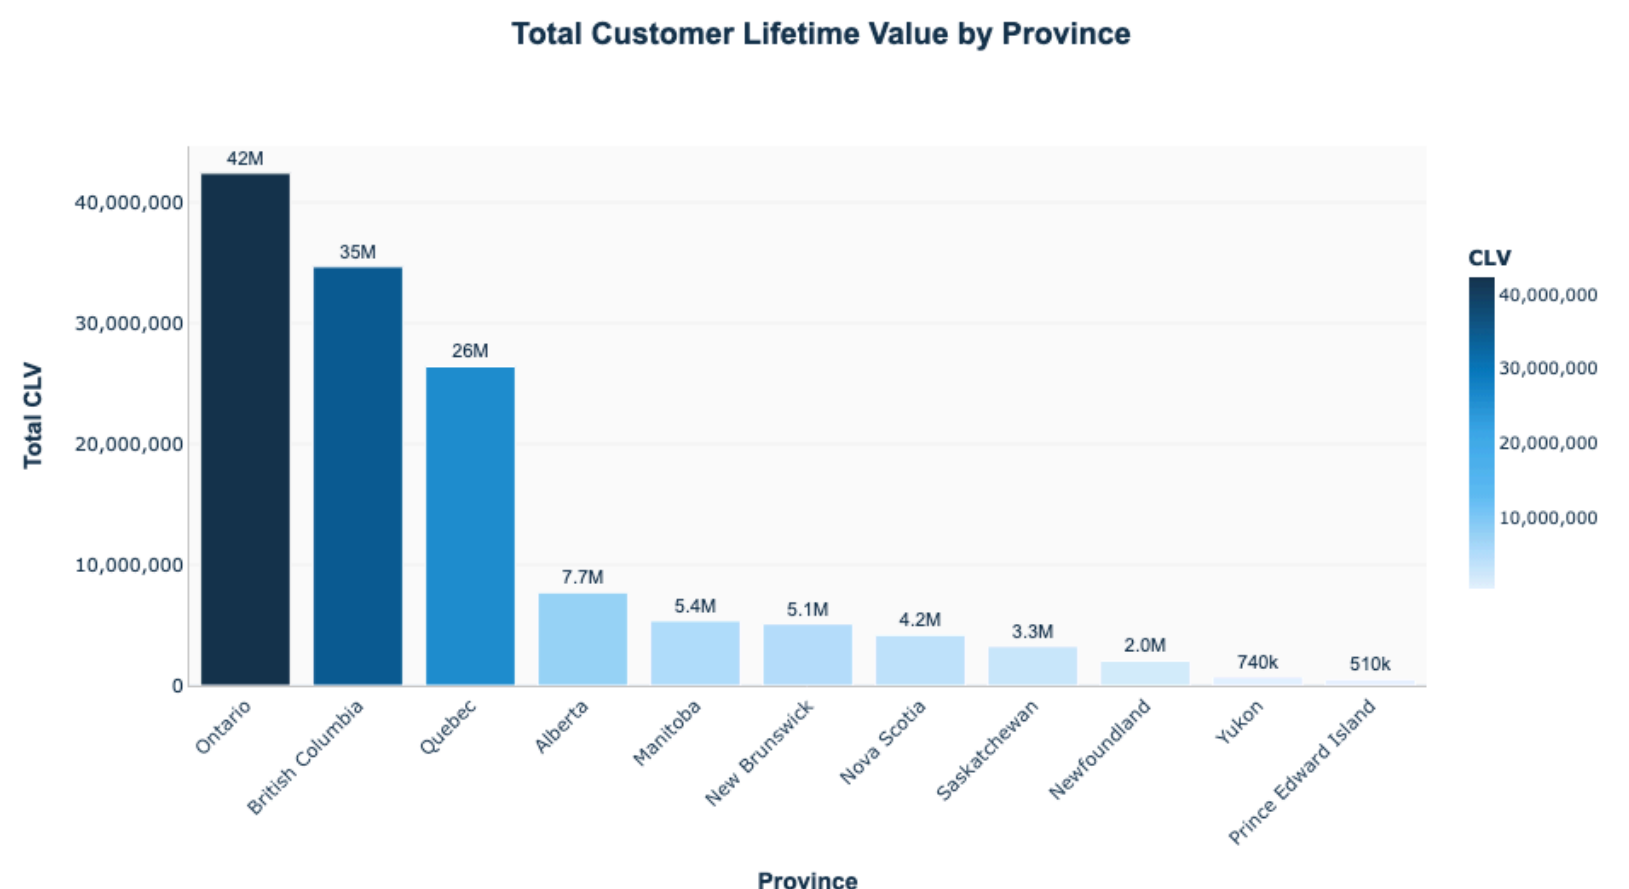

Authors: Mehmet Karaca, Esra Salhi, Duarte Manuel André Gomes

Data Mining - Exploratory Data Analysis - Group 92

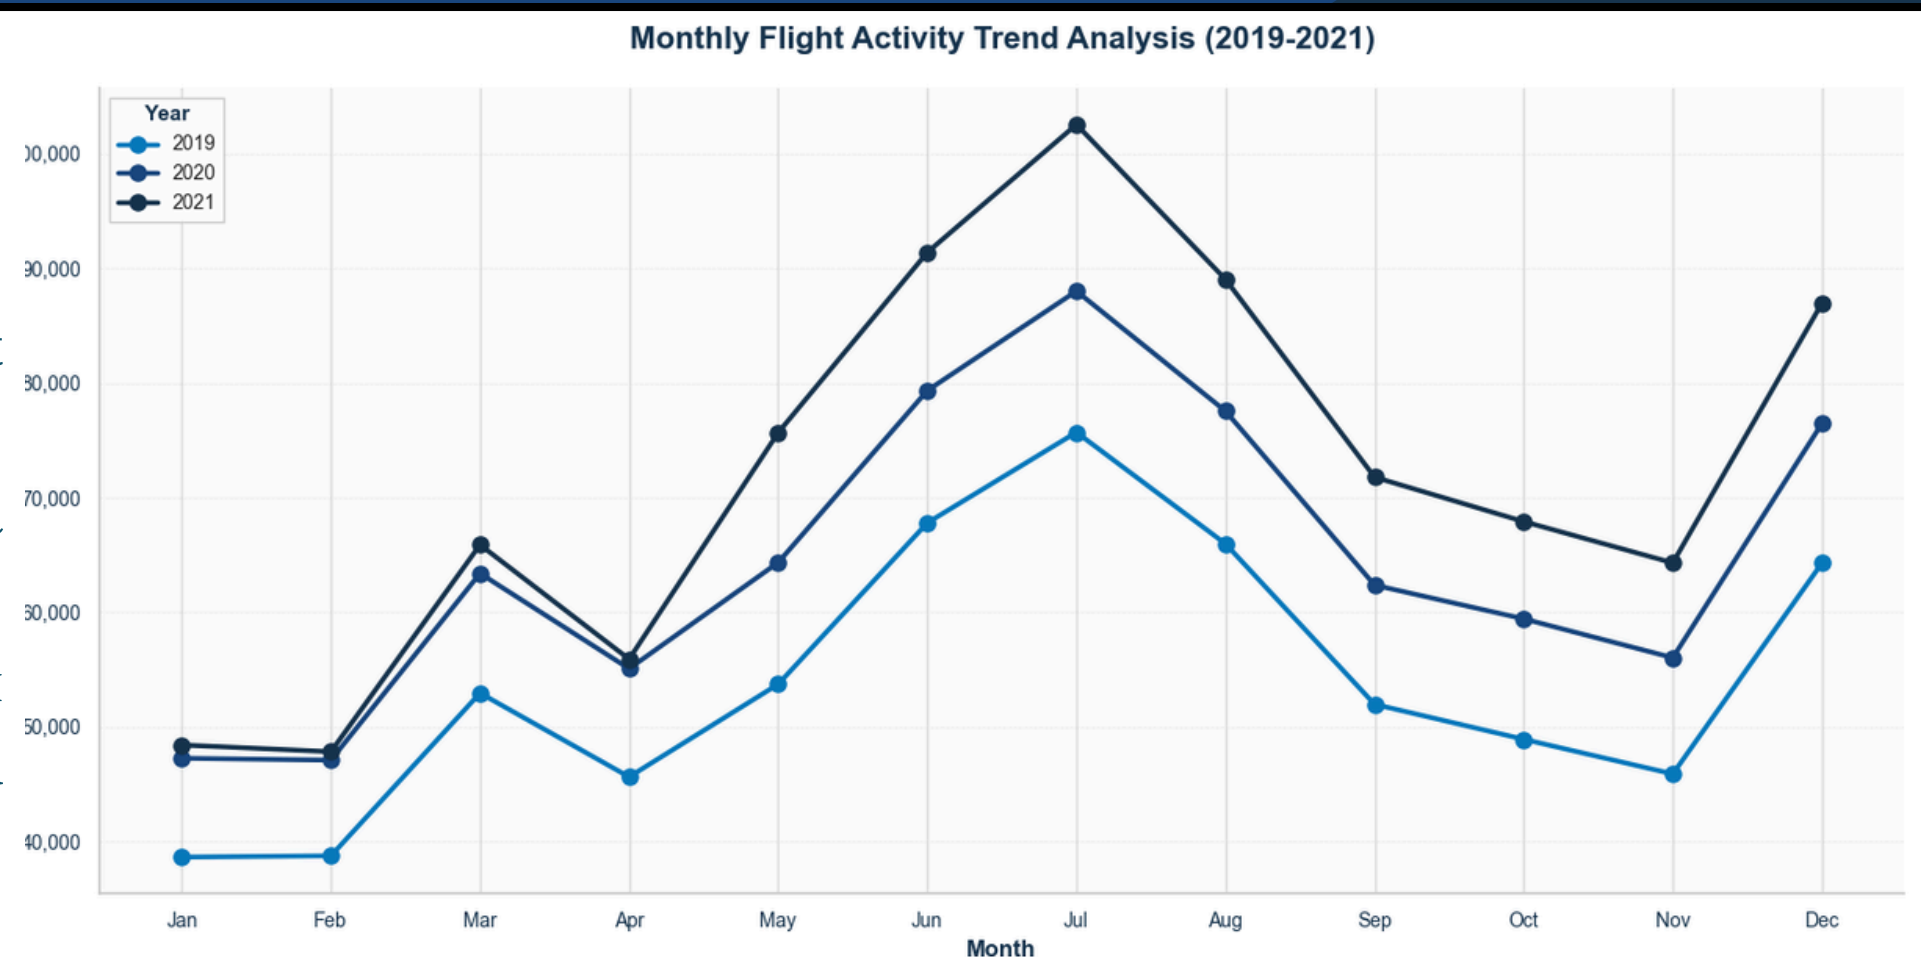

🏆 Top3 Provinces are responsible for the most Lifetime Value

- Top CLV markets: Ontario (\$42M), British Columbia (\$35M), and Quebec (\$26M).
- Long-tail contribution: All other regions contribute significantly less to total CLV.

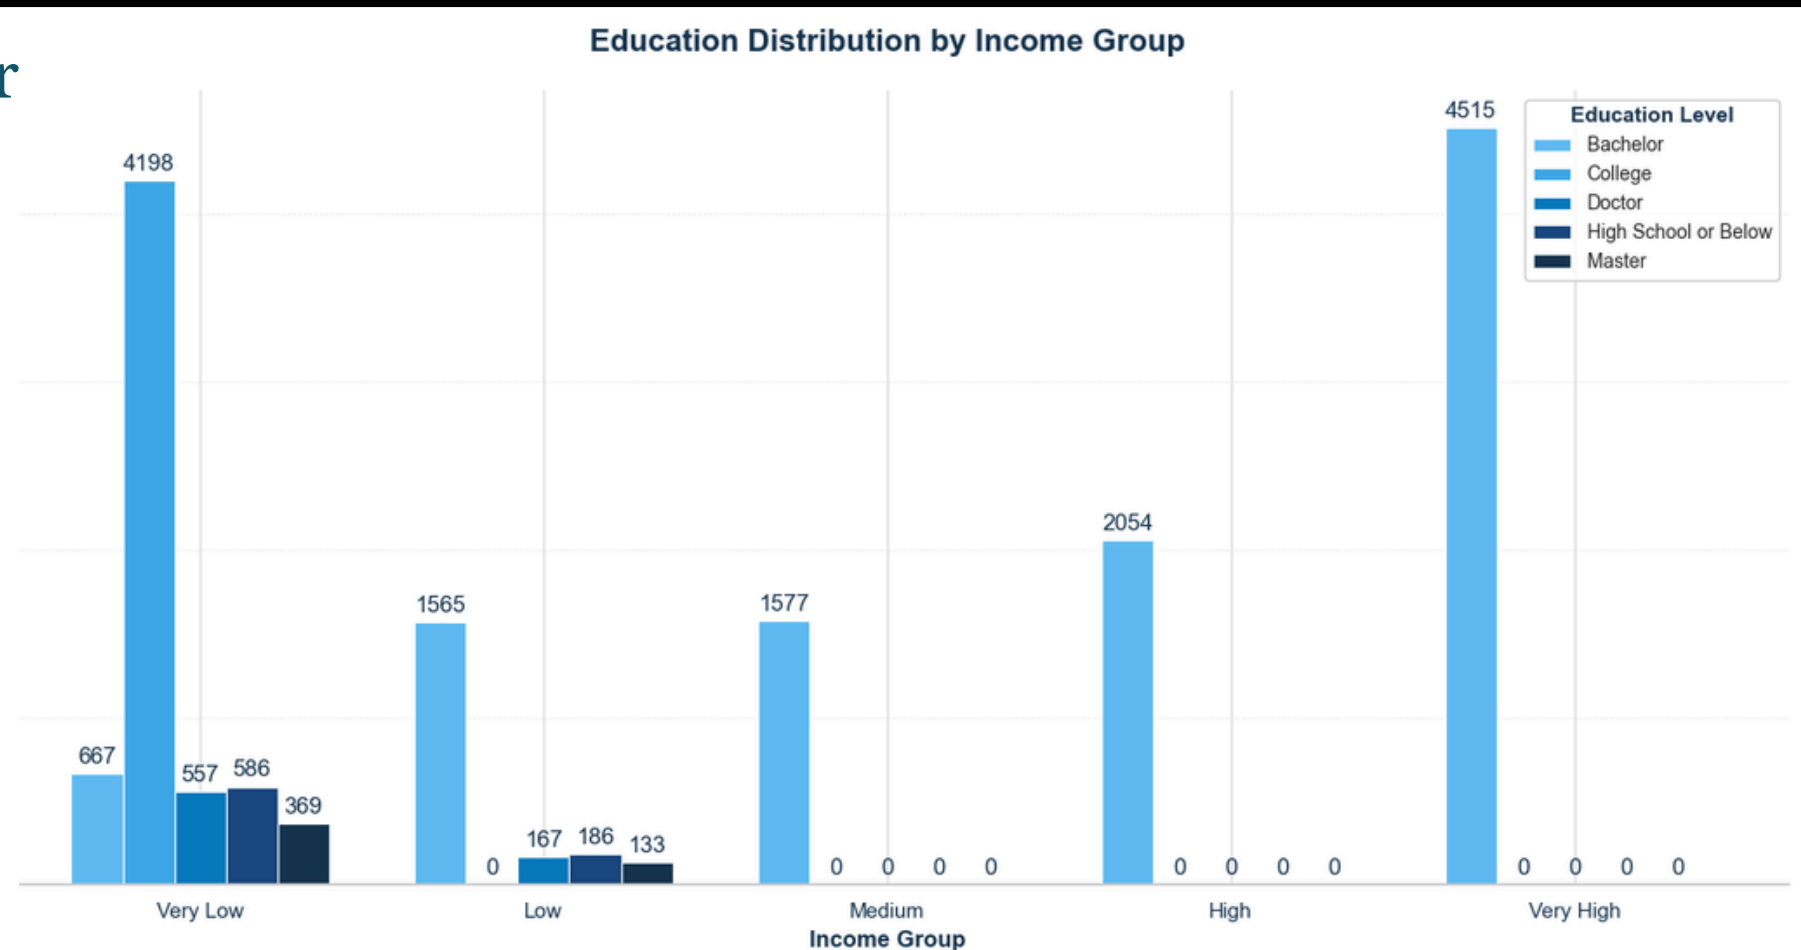

🦠 Resilient Flight Activity During the COVID-19 Era

- 2019 → 2020 shows the strongest YoY average growth.
- Flight activity exhibits a recognizable seasonal trend.
- Within this sample, 2020–2021 levels weren't materially depressed by the pandemic.

🎓 Education Level as a Predictor of Income

- Income skews higher among customers with a bachelor's degree (or above).
- Lower education levels are concentrated in lower income bands in this dataset.

✈️ Key observations:

💡 Top Markets: Ontario (\$42M), British Columbia (\$35M), Quebec (\$26M); others far smaller

📅 Seasonality: Clear pattern—summer peak (July) and December rebound

🔍 Higher income skews toward bachelor's degree+
